CLEVELAND, (BROOKLYN) OHIO, JANUARY 30, 1920

Number 37.

VOLUME I

## COMING OPERETTA PROVES BIG FACTOR IN COMMUNITY WELFARE PROGRESS, SAYS MRS. C. W. PRICE

Close to one hundred young people in Brooklyn are busy sewing together their costumes and rehearsing for the operetta "The Gypsy Queen," which they will present next Tuesday evening in the Y theatre, at 8 o'clock.

The affair is in charge of Mrs. C. W. Price and is given under the auspices of the Women's Civic League of Brooklyn.

The demands for tickets is heavy and the League predicts a capacity house. Eighty-six people are selling tickets.

The money made from the operetta will be used to defray the expenses of the Community Christmas tree celebration. What is left will be turned into the League's welfare fund.

The operetta has been a get-together factor for Brooklyn people.

"The good that the staging of the coming operetta at the Y theatre has done for people of Brooklyn is two-fold," says Mrs. Price. "The younger and newer set of Brooklyn have been brought to know one another and to find good companionship in the acquaintance. This in itself is the same idea that the Y. M. and Y. W. are working on, to get the young folks acquainted and to make them stay in Brooklyn for their pleasures and to enjoy their pleasures with the home people."

"This operetta should mean much to the audience for it has not only accomplished this acquaintance as regards one set of people but has succeeded in molding the different groups together. The personnel is of various religions and nationalities.

"I doubt," continued Mrs. Price "if there is a family in Brooklyn that does not at least know some one in the cast.

"I believe in amateurs," says Mrs. Price. "I believe they can do more than is ordinarily given them credit. The more I work with them the more I am convinced of this."

BY IRENE CUTTING

### Truck Gardener is Ill

William Chaloner of West 11th St. is seriously ill at his home. There is little hope for his recovery. Physicians cannot determine the nature of his illness.

### Judge Moves into New Home

Judge F. L. Stevens, formerly of W. 11th St., has purchased and moved into his new home on Jennings road. The place was formerly the home of H. G. Renker.

### Miss Violet Howe of Jennings road has been confined to her bed because of a bad case of measles, but is now convalescing.

### The three children of Mr. and Mrs. Howard E. Ingham, of Jennings road are ill with scarlet fever. Their conditions are quite serious.

### Mr. Marvin Towle, of Jennings road is ill with a serious case of tonsillitis. His infant daughter, Mildred, is also ill. She is the victim of scarlet fever.

### The stockholders of the Cuyahoga Green House Company held a meeting and elected officers for the new year. Pres., A. R. Keiper, Sec., H. Bratton; Treas., M. F. Cutting.

### Degrees in Commerce.

Commercial education is to receive new impetus at the University of London, where degrees in commerce are to be inaugurated in the near future. There are to be two degrees: First, that of bachelor of commerce, which would correspond to the same degree in the other faculties; and, secondly, the degree of master of commerce. The salient idea is that a modern language is to be taught not as an academic, but as a practical subject, says the United States bureau of education. Among the languages which are to be taught as practical rather than academic subjects would be Polish, Czech, Rumanian, modern Greek, and the great eastern languages, Hindustani, Chinese and others.

### Boy's Exploit Remarkable.

A twenty-four hours' battle with death ended at San Francisco with the arrival of the little schooner S. N. Castle, a thirteen-year-old boy at her helm, bringing to safety his father, the captain, his sick mother, and a crew of three men.

The Castle, a three-masted schooner, was 31 days from Aflia with a cargo of copra. Three days from the Samoan port the Castle started leaking and shipping seas at the rate of twelve feet a day. The donkey engine was started to run the pumps and the cargo of copra fed as fuel.

Harry Anderson, 13, manned the ship while his father worked with the men at the pumps.

Mrs. Price has been working with the play since December, and has stated several times her astonishment at such remarkable talent in Brooklyn. She is conducting the play in the capacity of chairman of the program and entertainment committee of the Civic League.

The programs for the operetta are to be of a souvenir nature. The League hopes that every one will keep theirs.

The League wishes to make public the readiness and generosity of the merchants toward the League in its efforts in welfare work in the community.

"They have come forward nobly," says Mrs. A. Estabrook. "That which has been done so far could never have been accomplished without their help."

## TO REHEARSE PLAY SATURDAY

A dress rehearsal for all who will take part in the operetta, "The Gypsy Queen" will be held at the Y theatre, Saturday at 3 o'clock. Mrs. C. W. Price, who is in charge of the operetta, asks every member of the cast to be present.

## WOMEN'S BENEFIT ASSOCIATION TO GIVE DANCE

A dance will be given by Brooklyn Review No. 424, Woman's Benefit Association of the Maccabees at Glen hall, Monday, Feb. 2. Committee in charge is Miss Lora Jenman, Mrs. Idella Miller, Mrs. Helen Lytle.

## ROYALTON

### ROYALTON LECTURE COURSE

Dr. Poluhni and Co. will give the fourth number of the Royalton Lecture Course on the evening of Feb. 24. The program will consist of mind reading, magic and music. Dr. Poluhni is a mind reader of national fame and has led to the conviction of some noted criminals in his day. He has a set of imported Swiss bells and on these he is a master, having taught the art to some of the most noted bell-ringers of today, including the Dunbar Quartet. Dr. Poluhni was one of the attractions last year. All who heard him are anxious to hear him again.

At 4 o'clock, Feb. 24, Dr. Poluhni will drive an auto thru the streets of the town blindfolded.

The pupils of Royalton High School with the teachers and some of the grade pupils gave a surprise party for Miss Rose M. Dolezal at the home of her uncle. Games were played and a lunch served.

The Royalton High School literary society gave their regular monthly program Friday afternoon, an 23.

### REV. J. H. STRING'S EVANGELISTIC SERVICES ARE SUCCESS

Rev. J. H. String has met with splendid success in evangelistic services at Bluffton, Ind. He will occur by his own pulpit at Eighth Reform church, Sunday. In the morning he will preach on "The Resources of Divine Redemption" and in the evening on "Taking Things Home From Church."

### Slave Traffic Still Exists.

Slave traffic along the Arab coast is illegal under the terms of certain conventions, but slavery, nevertheless, is said still to exist to a rather considerable extent. A few years ago members of the American Arabian mission at Bahrain rescued a whole boatload of black boys who had been smuggled up from Africa for sale along the Oman coast. In the interior towns slaves are used mostly as personal servants, bodyguards and hostlers. By an old law in Arabia, a slave is freed after seven years of service, provided he has embraced the Moslem religion, and it is said that most of the slaves do so. There is no prejudice against marriage with blacks in Arabia, especially after they are freed. This intermarriage has scattered a black population all over Arabia. In ports like Muskat and Aden mulattoes and mixed breeds are so common that the pure Arab strain is almost a rarity.

## Y. W. AWARDS FOR BROOKLYN GIRLS

The committee appointed by the Brooklyn Women's League to assist Y. W. C. A. Secretary Mrs. String, to obtain honor badges for Brooklyn girls has decided to award six different colored stamped ribbons as rewards for various virtues.

It is the plan to award a bronze pin to a girl when she has received two ribbons; a silver pin after receiving four ribbons; and a gold pin for six ribbons.

All girls 12 to 15 years are eligible to receive ribbons. In awarding ribbons consideration will be given to the conduct and standing of the girls in the home, school, church, work, library, community center and sports.

The committee has decided to open a contest for a design for the pins. Girls 12 to 15 years of age will be asked to present their ideas for a design.

The committee consists of Mrs. C. M. Bliss, Chairman; Mrs. E. Umlauf, and Mrs. T. W. Hartshorne.

## PEARL ROAD REPAVING MAY BE HELD UP

Pearl road repaving will be postponed six months and likely a year unless a bill permitting the county to offer more than 5 percent for road improvement bonds passes the present session of the Legislature.

There are now two bills before the Legislature permitting the issuance of 5 percent bonds. The first bill presented is not effective until June 1. This would delay all paving projects until after June. The second bill contains an emergency clause which would make early paving work possible.

If the bill with the emergency clause fails to pass it will mean that all paving work in the county will be indefinitely delayed. Bond buyers, says County Commissioner Manning, will not buy 5 percent bonds.

It has been the plan of County Engineer Stinchcomb to start repaving Pearl road, from Hoeninger road to the "Y" early in the spring.

## GOAL IS FOR 5000 CARS BEFORE 1921

It is the plan of the new Mars Motor Car Company on Ridge road to turn out 500 automobiles before January 1, 1921 arrives.

When the plant is in full operation its capacity will be 20 cars a day, say officials of the company.

The cold weather has somewhat impeded building progress at the factory.

O. E. S. PLAN TO CONDUCT DANCING SCHOOL

The Eastern Star is conducting a dancing school at Glen Hall every Saturday evening from 8:00 to 11:30. Miss Marion Lange is instructor of both new and old dances. No outsiders admitted unless vouched for by a member of the Eastern Star.

## ANNOUNCE MARRIAGE OF DAUGHTER

Mr. and Mrs. C. H. Miller of Parma Heights Village announce the marriage of their daughter Barbara to Mr. John Singleton of Lakewood, O.

The wedding took place on January 21 at 4:00 o'clock at the Old Stone Church. Rev. Young officiated.

A dinner party was given to the bride and bridegroom at the Hollenden Hotel after the ceremony. Those present were Mr. and Mrs. Singleton and daughter Margaret; Mr. and Mrs. C. H. Miller; Mr. and Mrs. Carl Miller; Mr. and Mrs. Walter Geiger; Dr. R. Singleton; Mrs. M. Lehman; Miss Josephine Kinkor; Miss Daisy Vandenberg and Mr. Harold Miller.

## RURAL SCHOOLS TO HOLD DEBATE 26TH OF MARCH

March 26th is the date set for the county triangular debate composed of the 9 schools which will debate the question, "Resolved that six months military training should be required of every male citizen between the ages of 18 and 21 years in the United States." Brooklyn Heights, Parma, Brecksville, Berea, Strongsville, Dover, Shaker Heights, Chagrin Falls, and Euclid Village will participate.

Brooklyn Heights, Parma and Brecksville compose the one triangle. The affirmative team from each school will debate at their home school.

Dorothea Reutenik, Paul Wirtler and Hazel Chester, with Paul Reutenik alternate will defend the question against the Brecksville team at Brooklyn Heights, while Alice Foote, Charles Foote, and Ralph Walter, with Benjamin Richardson, alternate, will attack the question on the Parma floor.

Mr. and Mrs. Walter Geiger of Parma Heights Village spent the weekend with Mr. and Mrs. Carl Miller of Broadview Road.

## DINNER AT PEARL ROAD M. E. CHURCH

Dinner is served every Thursday at the Pearl Road M. E. church from 11:30 to 1 o'clock. These dinners are not only for the church people, but for all who wish to get an excellent home-cooked meal. The cost is 35 cents.

A card party will be given by Glendalia Rebekah Lodge at Glen Hall, Pearl and Broadview Roads, Friday, Feb. 6 at 2:30 P. M.

Committee in charge: Mrs. Catherine Huhn, Mrs. Charles Howe, Miss Genevieve Howe, Mrs. Nina Kolb, Mrs. Emily Hoffman and Mrs. Harris.

## PARMA

The members of the Ladies' Cemetery Association will give their annual sale and supper on February 12. Supper will be served from 6 to 8 o'clock.

Everyone is cordially invited.

Among those who are on the sick list are Miss Stroud, who is in the hospital suffering from gall stones. The doctor does not know whether she will have to have an operation or not.

Thelma Schultz is suffering from a sprained back.

Mrs. Elizabeth Leibold, of Krather road is ill with influenza.

## WILL PROVIDE SCHOOL HOUSE IN "NEAR FUTURE", B. P. R. TOLD

The Brooklyn Parma Royalton Civic Association is going hot and heavy after the Cleveland Board of Education for action on the proposed Spring Road school house, which the B. P. R. declares is a necessity.

As a result of the B. P. R.'s interest in the matter the board has authorized a letter stating that the school board is studying the matter and will do something in the "near future."

The expression "near future" is very vague. It may mean in 1920 or it may mean 1925, say members of the B. P. R., which organization will continue its pressure on the school officials in an effort to learn just how and when the educational authorities intend to act.

The letter sent to the B. P. R. follows:

Mr. W. B. McDiarmid, Sec'y., The Brooklyn-Parma-Royalton Civic Association, Cleveland, O.

Dear Sir:—

Your letter of Jan. 9th addressed to Mr. Hogen, Director of Schools, has

## MOTHERS CLUB AFTER MORE MEMBERS

The last meeting of the Memphis Mother's club was of unusual interest. Several new members were reported, and an active campaign for members was launched. Mrs. Harris Cooley gave a very interesting talk on "Citizenship" and urged those present to join the class, being launched by the Y. W. C. A.

The Memphis club meets the third Wednesday in every month.

## Plants Should Be Watered Thoroughly When Very Dry

Water pot plants only when they need it, then water them thoroughly. When the soil begins to get dry and powdery on the surface, or when the pot is tapped with the fingers and it emits a ringing sound, the plant requires water. Then give sufficient water so that it runs out through the bottom of the pot; without water on every day, or at any stated interval, is not the way to water plants. Use tepid rain water or water that has been exposed to air and sun if possible for a day or two. The water should be just lukewarm, about 50 degrees or 60 degrees. Never use ice cold spring water for plants in winter. Warm water may be used to mix with the cold to bring about the temperature named.

## YOUR LAUGH

Used to Postponements.

"Then you like working for a judge?"

"You bet."

"Doesn't he kick when you put things off?"

"Now, he puts off half his own work every day."

Times Had Changed.

"Strange Edith should invite that horrid grass widow to her wedding; she has such a disagreeable past."

"Yes, my dear; but she's rich enough to furnish a very agreeable present."

Not So Chummy.

"I s'pose husband and wife can be very chummy in a chummy roadster?"

"Yes, but it's a bad place to quarrel in."

No Need to Worry.

Harold Hollownut—I dread old age with its wrinkled brow.

Tolly Pickles—Don't worry. There isn't room enough on your brow for more than one thin wrinkle.

Measured by Millinery.

Patience—Is that her husband with her?

Patrice—Yes.

"How long has she known him?"

"Not long. Only three hats!"

Strategy.

Subeditor—Nothing doing in the news line today.

Editor—All right. Put a pair of trousers on the office cat, photograph him, and we'll run a special on the oldest living man in the town.

been referred to this Division. The letter came to my attention after your meeting, Friday evening, Jan. 15th, to which you refer.

In reply to your general inquiry as to the prospects of a building on this Spring Road School Site, I wish to state that the Board of Education will undoubtedly build a new elementary school somewhere in the rapidly growing district known as South Brooklyn sometime in the near future. The development of this district is being studied with care and the entire matter of sufficient and adequate school accommodations is being given continued and careful attention.

Yours very truly,

(Signed) Frank C. Whitney, Director of School Housing, Equipment and Supplies.

## LUMBER CO. TO ERECT MILL IN SPRING

The Suburban Lumber & Supply Co., will erect a mill next spring, next to the company's lumber yard at State and Brook Park roads. The mill building will be 60 by 100 feet and all kinds of mill work will be turned out.

"The growth of our business has been far beyond our expectations," says H. C. Haag, president of the company which started business less than six months ago and today is said to be among the most complete retail lumber yards in Ohio.

There are 1400 feet of railway trackage in the lumber yard and among the concerns which the company is supplying with lumber are the Marsh Motor Car Co., and the Apollo Tire and Rubber, both of which concerns are building new factories.

## BROOKLYN HEIGHTS TEACHER ILL

Miss Hannah E. Reutenik, teacher of Domestic Science at Brooklyn Heights has been absent from school for the last two weeks because of illness.

## S. A. C. ALL SET FOR VAUDEVILLE SHOW

The Southern Athletic Club, the majority of whose members reside in South Brooklyn, is all set for a good time next Sunday evening when it will stage a vaudeville show in the club's home on West 26th St. The bill will start at 8 o'clock.

Both local and professional talent will do the entertaining and the admission is free to all of the club members and their invited guests.

About every month the club gives a show of some kind and these affairs are in keeping with the organization's policy to provide free entertainment for its members as often as possible.

The club gave a dance for its members last Sunday. These dances are given every month.

## COUNSEL'S HAVE EASY VICTORY

Our lady of Good Counsel grammar school defeated the Hearts of Confection 27 to 2. Weikamp and Donahue were the leading stars of Counsel's team.

## WHAT PROTESTANTS CAN LEARN FROM CATHOLICS, AND CATHOLICS FROM PROTESTANTS

Rev. J. S. Eaton will preach in the Pearl Road M. E. church Sunday evening on the theme, "What Protestants can learn from Catholics, and what Catholics can learn from Protestants." It will be a friendly discussion, without prejudice, trying to see how each can profit by the other's good qualities. The public is invited. Services begin at 7:30. The morning subject will be, "Fire on Mount Carmel."

Published weekly by The Brooklyn Publishing Co., at 4107 Pearl road. The official organ of The Brooklyn Business Men's Chamber and The Brooklyn, Parma and Royallon Civic Association.

NEWS LETTER BOX

TELLS OF CLOSING RULE Editor of The Brooklyn News: In answer to a letter appearing in the Jan. 23 issue of the Brooklyn News, relative to store closing hours, I will say that there are no special rules; only a gentleman's agreement among the merchants of each class of stores.

I do not think there are any merchants in Brooklyn who do not close per agreement. If there are, please advise the Brooklyn Business Chamber, which organization will do its best to try to make any merchant found violating the closing rules, live up to his closing agreement.

HANDLE READY-MADE HOUSES

Norwegian Company Anticipates Good Business in Selling Them for Erection in England.

Many houses are for sale in Norway, the present owners of which are hopeful of selling them to Englishmen. Not that they expect the English to emigrate for Norwegian homes, but they hope to persuade them to import houses from Norway.

MOTOR BOAT REAL CHURCH

Gospel Ship on Puget Sound of Great Comfort to People in Remote Regions.

Of the 10 counties of western Washington 18 are accessible to seagoing vessels, according to Agnes Lockhart Hughes, in Everybody's.

During the four years that the Robert G. Seymour has been in operation it has traveled on an average of 3,000 miles a year, carrying religion to Island county and up Hood canal.

One woman acknowledged that a sermon preached recently by the captain of the Gospel boat was the first she had heard in a dozen years.

MADE OVER FOR BOOKLOVERS

New York Has Substitute for Saloon, Where Literature and Soft Drinks Are Sold.

A new idea in the way of a substitute for the saloon is to be tried out in the Booklovers' tavern, recently opened in New York, the Philadelphia Inquirer states.

The Booklovers' tavern may draw book purchasers, though its superiority to the ordinary bookshop is not apparent. But can it be expected that things will be assured in this way?

It is obvious, too, that the kind of literature dispensed over the bar will have to be very carefully guarded. Many of our poets were a roistering lot, who did not hesitate to celebrate the charms of the Demon Rum.

Labor Shortage Hit Gold Mining. Twenty-five gold lode mines were operated in Alaska in 1918, according to the United States geological survey, department of the interior.

Form Habit of Giving Cheer and Encouragement to Others

Cultivate sunny-heartedness, and you will have a priceless charisma for brightening existence and hushing troubled waters into happy peace.

Cat Rules the Roost.

Gold Hill, Ore., has a cat that has the distinction of "ruling the roost." Several months ago a half-starved and wild kitten made its appearance in a pen of chickens at a home in the suburbs and fed with inmates of the enclosure.

That Spring Road School

The aggressiveness that the Brooklyn Parma Royallon Civic Association is showing in its effort to cause the school authorities to come to action on the Spring road school project is to be commended.

The B. P. R. has learned that it's the wheel that squeaks that gets the grease and the organization intends to do a lot of loud squeaking to the school board.

As the result of their activities the School officials have begun to sit up and take notice. Frank C. Whitney, Director of School Housing, has written to the B. P. R. that the school board will undoubtedly build an elementary school in the Spring road vicinity "Sometime in the near future."

The B. P. R. officials say they are not inclined at all to stop with the receipt of this letter from Whitney but intend to find out just what is meant by "Sometime in the near future."

It is just such kind of consistent plugging as the B. P. R. is showing on the Spring Road school project, that will win results. It is action—not promises—that is being sought.

If Brooklyn people were to go after dozens of other needed improvements with consistent persistence the community would be a great deal farther ahead in a year from now than it is today.

"The clock is likely to strike 12 in the fall of this

When the Clock Strikes 12—Then?

year or the spring of next. The next period of depression won't be from over production or banking conditions, as in the past, but the thief will come in another way. The present period of prosperity will be brought to a close through psychological or spiritual reasons.

This is what Roger Babson, America's greatest business seer, said in several addresses delivered a few days ago before organizations of Cleveland's industrial and financial barons.

Babson's forecast of business depressions is plenty food for serious thought. Business men, large and small, feel a change coming and face the future with grave uncertainty. But the great mass of people, blinded as much by the high wages as they are stunned by the high cost of necessities, apparently are showing little concern about the future, and continue to demand the more expensive articles.

With conditions sliding headlong as they are, business men everywhere fear trouble ahead. They see a handwriting on the wall.

There is an answer to the problem but the world is not awakening to it. That answer is produce more. If production were doubled the cost of living, experts declare, would be cut nearly in half.

Recognizing production as a solution the whole affair reverts back to the labor problem. "When employer and worker believe they are here to serve others, the labor problem will be solved" says Babson.

It is a fact that in industries where there is a hearty co-operation of both employer and employe there are no longer problems. There are some who believe that industries over the earth will now be quick to pick up the divine spirit of co-operation and avert a serious depression.

Let it be hoped this rather small class of thinkers sees the future in its right light. In the meantime let us catch the spirit of co-operation and help for our fellow men and instead of slacking in our production, throw ourselves into high gear and produce to our capacity. This, and not higher wages, will end living's high cost.

WANTED—Dish washer at Glenn restaurant, 4199 Pearl road.

SCHOLARS TO GET RECORDS
Attendants of Welsh Schools and Colleges Will Embark on an Interesting Experiment.

Wales, through her schools, is about to launch an experiment. Schools and colleges have been invited to make a collection of all the Welsh field, place and road names, including those of lanes, hills, woods, mounds and dykes, and to mark on the six-inch Ordnance map the spots to which the names are attached.

A fund has been placed at the disposal of the Welsh department to provide the materials for the records, which will be collected by the board of Celtic studies in connection with the university of Wales, and deposited in the Welsh library.

Each school is recommended to retain a duplicate of the record, which can be added to from time to time. Space is provided for supplemental information on such matters as the existence of rural industries; the survival of old or curious customs or crafts; peculiar words or pronunciations; local proverbs or quaint sayings; the use of old agricultural implements; particulars of interesting local "characters" who may have been distinguished by their oddities, their benefactions, or their services during the war.

Though it is intended for Wales there is no reason why a similar scheme should not be put into force in the other parts of the United Kingdom. The framers of the scheme have hit upon a method of making the teaching of history and geography a very living thing, of great educational and national value.—London Mail.

Aviators' Qualifications.
In Oakland airmen were apt to be ardent hunters of the fox and to have what horsemen call "hands"—a quality which as aviators enabled them to know instinctively, as it were, what an airplane was going to do before it did it. And, what will be shocking to some folk, to keep the aviator in best condition for his work and for enduring its terrible stresses, he seemed, according to these authorities, to need "a really riotous evening at least once or twice a month." The older men were found to use alcohol freely, but the younger ones required no such stimulants, and they all avoided excess, being well aware that for them the penalty was sudden death.

Machinery in Japan.
Japan's rapid industrial progress during the past five years is nowhere more conspicuous than in the development of the machinery trade. Japan imported in 1914 machinery to a value of somewhat more than \$12,000,000; in 1915 more than \$20,000,000. In 1914 the United States furnished 20 per cent of the total imports of machinery; in 1915 80 per cent. Japan's exports of machinery, chiefly to far eastern countries, have increased from \$234,000 in 1914 to approximately \$7,800,000 in 1915. Exports include electrical machinery, spinning and weaving machinery, lathes and printing machinery.

SAYS THEY ALL HAD GOOD TIME AT KNIGHTS' AND SISTERS' PARTY

"We had a great time at the card party given by the Pythian Sisters and the K. of P. one night last week," says Fred Batke.

"You shudabin there" he said, continuing. "Miss Lulu Denzer got the prize for being the prettiest lady present. We made her pass apples so everybody could see her. An Ollie R-e-i-t-e-r-t-guess that's th way you spdl his name, got first prize for being the prettiest man. We made him pick up the apple cores so everybody could see him. Gee, it was funny. "Prizes were hung on Chris Schick for being the most popular guy and Mrs. L. Fenrich was declared the popular lady. "We had lots of fun playing cards," too; Mrs. Charles Jones, 1527 E. 93d St., got first prize for winning 8 games; Mrs. Fred Hank, 3217 Mountclair Ave., second prize for winning seven games and the booby prize was hung on Mrs. B. Vandestar, 3205 Mountclair, for winning two games. In the men's games A. J. Mitchell, 3317 Mountclair, won nine games and got first prize; Al Schoneberger, 3827 Memphis Ave., won eight games and got second prize and the booby prize was hung on Mrs. H. G. Kenninger. There weren't enough men to go around so Mrs. Kenninger helped out. Mrs. John Fauble, 3707 Henritze Ave. got the siter's prize. "There were 75 people there. Believe me we had a great time." (Editors note)—This is the story as Fred Batke told it. If not O. K. tell him, not us.

Do Men Know What to Eat?
There Ought to Be a College Course to Teach Them, Domestic Science Specialist Declares

There should be a college course to instruct young men in the art of selecting what to eat, an instructor in domestic science at the Kansas State Agricultural college said recently. Not only are many men required to select their own food at public eating houses, and by such selection unwittingly impair their efficiency, but they absolutely refuse to eat the carefully thought out meals prepared for them by their wives. They clamor for meat three times each day when the domestic science experts whom they marry know they should not have it, she added.

"What will it avail carefully to instruct our young women in the art of planning a carefully balanced meal admirably fitted to meet all the requirements of the body if the husbands, for whom they cook, will not co-operate with them in their efforts to promote health and efficiency by the formation of right food habits?" she argued.

"To meet this problem in a certain degree the young men seniors of the college are urged to accept the invitations of the dinner work girls and try out in this way the effect of scientifically planned meals. By this means these men will have their attention directed toward balanced rations and may be favorably enough impressed that the wives of the future will not find the correct feeding of their husbands such a difficult matter."

Mysterious Philanthropist Aids Natives of Nile Country

"Obedience" is title behind which donor of more than \$50,000 hides his name. Above are some of the boys in the industrial school at Gujanawahia, India, he has helped. Below is a Nile boat, similar to the one he is building for Egyptians.

There's a new missionary boat being built to carry United Presbyterian missionaries in the Sudan up and down the river country and reach hundreds of villages that are now inaccessible or at best can be reached by scattered visits.

The first gifts from "Obedience" came about ten years ago when he offered \$10,000 for the establishment and maintenance of two churches at Sialkot, India. It is evident that the keeps in closest touch with all happenings in the mission field.

The United Presbyterian Church at large is awakening to a realization of the stupendous task facing them in the work which "Obedience" and others have thus far advanced in India and Africa.

Christian Stewardship Is Theme of New World Movement Drive

Tons of literature on stewardship are being sent out to the United Presbyterian ministers of the United States in anticipation of renewed interest and to aid these ministers in their plans for the stewardship activities of the New World Movement, set for February.

DR. J. H. WHITE

Nearly all ministers and stewardship committees of the Presbyteries and Synods in the Pacific coast territory have received their supplies, consisting of 64 distinct pamphlets or booklets, and before the activities are taken up in February every minister

First Money You Earned. Do you remember the very first money you ever earned through your own initiative, your own endeavor? Didn't you feel as if you had conquered the world? Didn't it give you new strength, a new purpose—didn't you feel that you had found your place, that fear had slipped away from you, that henceforth you were a new person, bound to win and be able to look the world in the face?—Rich World.

OF INTEREST TO POULTRY GROWERS

The grower who expects to realize a nice profit from his poultry, will keep purebred stock. Any of the standard breeds of poultry have years of intelligent breeding back of them and they can be depended on to give satisfaction.

Cross-breeding is a step backward. Most breeders who practice cross-breeding, mate one of the larger breeds with one of the smaller, as Plymouth Rock and Leghorn. The idea in cross-breeding is to produce a fowl that will not only lay well, but one that will also make a good table fowl.

The advantages of keeping purebred stock are numerous: One can market a uniform product in eggs and stock. The value of uniformity in products cannot be over-estimated.

When purebred poultry is kept one can often sell eggs for hatching or mature stock, at prices that one could not expect to realize for market eggs or scrub stock.

SAYINGS OF WISE MEN

There stalks discord with her town mantle—Virgil. Little discourse is gold, too much is dirt.—German Proverb. That only is a disgrace to a man which he has deserved to suffer.—Plautus.

Fashion in Reading as in Dress, Which Lasts Only for Season, Notes Writer

I cannot understand the rage manifested by the greater part of the world for reading new books. If the public had read all those that have gone before, I can conceive how they should not wish to read the same work twice over; but when I consider the countless volumes that the unperused, unregarded, unread, and unthought of, I cannot enter into the pathetic complaints that I hear made that Sir Walter writes no more—that the press is idle. . . .

many people would as soon think of putting an old armor as of taking up a book not published within the last month, or year at the utmost. There is a fashion in reading as well as in dress, which lasts only for the season.—From "Sketches and Essays," by William Hazlitt.
