THE PAPER THAT SERVES BROOKLYN AND ADJACENT TERRITORY.

VOLUME I

CLEVELAND, (BROOKLYN) OHIO, FEBRUARY 13, 1920

Number 39.

## NO NEW SCHOOL FOR BROOKLYN THIS YEAR; B. P. R. TO TAKE UP MATTER AT NEXT MEETING

According to the statement of Supt. Whitney of the building and housing department of the Cleveland School board there will be no school erected on the Spring Road site, this year.

Furthermore, according to Mr. Whitney there is a great doubt as to whether the next school for the South Brooklyn community will be erected on the Spring Road property.

**Look for New Location**

"Our investigations seem to show that the next school should be provided somewhere south of the Dawning school," says Mr. Whitney, contending that the growth of population appears to be most rapid in the southern section of South Brooklyn.

But no matter what the school needs may be, there will be no building erected in South Brooklyn this year as the 1920 building program has been made up and there are no available funds for any other buildings than those included in the schedule, say school officials. It may be that the city's educational board may have money next year—1921—to meet Brooklyn's school needs, they say.

**"School Board Wavers"**

"The school board has been doing a lot of waver on this South Brooklyn School building" says one of the pioneer workers for better school facilities in Brooklyn. "They are like the wind" he continued "changing constantly from one way to another. Superintendent Spaulding was brought over the ground and after making a personal study of the situation admitted that Spring road was the place for a school. That was two years ago, when the Spring road site was purchased. Now apparently, somebody is gumming up the works at the school board and the board has made another change and decided that the building should go elsewhere. If a school was needed on Spring road two years ago it is needed now. If there also is a school needed in the southern section of the South Brooklyn territory, that too should be provided. But let us have the Spring road school."

## ROYALTON

### ROYALTON LECTURE COURSE

Dr. Poluhni and Co. will give the fourth number of the Royalton Lecture Course on the evening of Feb. 24. The program will consist of mind reading, magic and music. Dr. Poluhni is a mind reader of national fame and has led to the conviction of some noted criminals in his day. He has a set of imported Swiss bells and on these he is a master, having taught the art to some of the most noted bell-ringers of today, including the Dunbar Quartet.

At 4 o'clock, Feb. 24, Dr. Poluhni will drive an auto thru the streets of the town blindfolded.

A lecture course will be given under the auspices of the Royalton Booster club. These lectures aim to point out some of the influences which are harmful to our nation. Every loyal American should attend these lectures. They will be given on Feb. 16, 23 and March 1. Tickets for the three lectures, 25 cents.

The high school gave a surprise on Ruby Carter at her home, Jan. 29.

### BROOKLYN LIBRARY WANTS ALL WASTE PAPER IT CAN GET

Boys and girls in Brooklyn are asked to co-operate with Miss Smith, librarian at the Brooklyn Library, in the collection of waste-paper. The Brooklyn Library will use the money procured from the sale of waste-paper for purchasing additional books and magazines, and it is in the interest of all the boys and girls in Brooklyn to co-operate.

Adults are asked to help also. If you have any waste-paper at home and it is not possible to send it to the library, a telephone call to Miss Smith at Harvard 379 will bring a boy who will take it away.

The boys and girls of the Brooklyn W. M. C. A. and Y. W. C. A. will receive credit on their monthly competitions for delivering paper to the library.

Mrs. W. H. Harrison of 58th and Detroit Ave., was a visitor at the home of Mrs. W. S. Bamford, Spokane Ave., Feb. 4.

School needs in the South Brooklyn territory is to be one of the main matters to come before the regular meeting of the Brooklyn Parma Regional Civic association in Odd Fellows hall, next Friday evening Feb. 20, at 8 o'clock.

Members of the B. P. R. insist that they are determined to come down to brass tacks and "talk turkey" to the school board. The B. P. R. officials are making an effort to get some school board member, who has authority to tell just what the board's plans are, to address the meeting.

**Other Matters to Come Up**

There will be many other matters of importance to come before the session. Many committees are slated to give reports of interest and everybody who has any interest whatever in his welfare is invited to attend the session.

## THIS PHOTOGRAPHER GOES BACK TO SCHOOL

J. J. Schmidt, photographer at 4166 Pearl road will next Tuesday pack up his satchel and start back to school. But instead of slate and sponge his satchel will carry photographs and literature on advanced photography.

## 100 GIRLS ENJOY Y. M. C. A. "MEET"—IF YOU DOUBT IT READ AND JUDGE FOR YOURSELF

By Mrs. Margaret L. String

The "meet" last Monday evening of the Church League of Brooklyn and vicinity was the biggest thing the Y. W. C. A. of Brooklyn has attempted as yet.

The basement room of the United Presbyterian church was aglow with its lights and decorations of pink and white, the church colors. Rev. and Mrs. Bamford and the girls of the church with their pink caps were a smiling reception committee.

A Gay Procession

It was a gay procession of young people with Miss Marie Wing, general secretary of Cleveland Y. W. C. A. and the Brooklyn secretary leading the march to the luncheon tables.

Mrs. P. J. McNeerney and her girls from Our Lady of the Good Counsel wore bright little caps with rosette decorations. Mrs. J. S. Eaton and the Pearl road girls in yellow and white, followed. Then came the Eighth Reformed girls in orange and black; the Calvary Baptist girls, the Trinity Evangelical girls, the girls from German Evangelical Protestant church, girls from Salem M. E. church and last but not least, the girls from the United Presbyterian church, with Mrs. W. S. Bamford. Mrs. M. Geiger of the committee of management really did manage to keep everything straight for the girls. The program was one of songs, yells and cheers. The

## ALAS! 'TIS HERE, THE PAPER SPOON

Stunts given by each church were enjoyed. The girls learned from the United Presbyterian "It pays to advertise."

Pull of Good "Funts"

"Back to the Farm" presented by Pearl road girls made a great hit. It would be hard to describe the "stunt" of the German Evangelical girls, but ask them "What became of the Monk?"

The recitation presented by Calvary Baptist girls gave solemn and serious advice to all girls on the most interesting event in their lives.

The Eighth Reformed girls gave a little sketch entitled "I'd love to," which set many of the girls to dreaming dreams, and seeing visions. They also gave a practical demonstration and invitation to our Y. W. C. A. gymnasium classes.

We are delighted to say, several girls accepted their challenge.

Give Musical Program

The serious side of our program was given by the girls of "Our Lady of Good Counsel" who presented piano and vocal numbers, and a fine inspiring talk by Miss Wing on "What a Girl Can Give to Her Community."

The "ests" provided by Miss Matilda Beck, Miss Blanche Meese and Mrs. Blanche Stelling were simply delicious.

Girls, take our advice and when another "League Meet" is announced in this paper, be on hand.

## SHOWS MERITS AND DEMERITS OF PARTY PLATFORMS, SCORES CONDITIONS IN PUBLIC SCHOOLS

Pointing out both the merits and deficiencies is several of the political platforms, Mrs. Royce Day Frye, an authority on party planks, spoke to a small but intensely interested audience in the basement of the South Brooklyn library last Tuesday afternoon.

Speaking of presidential possibilities Mrs. Frye said that Hoover is one of the biggest men that has thus far loomed up.

Mrs. Frye declared that one of the worst situations today is the condition of the public schools. "It is barbarous" she said "to have 60 to 70 children in a school room."

Speaking of the situation in New York she said "In New York, 30,000 children go to school every morning without breakfast."

The problem of smoke said Mrs. Frye was one of the greatest before the Cleveland city government. She declared it was disgraceful to have such buildings like the post office dimmed with smoke. "In no other city do nose and throat specialists thrive as they do in Cleveland, because of the smoke conditions" she asserted.

### NEWS LETTER BOX

Dear Editor:—

As there seems to be some misunderstanding regarding the expenses of the Community Christmas tree, and just how and who procured the tree, I feel it best to explain to our Brooklyn friends through your columns.

Miss Mabel Tate, Mr. Kist, Mr. Frueh, and myself spent a great deal of time and effort, extracting promises from different city officials that they would do their best to send us a tree—a real tree—that would be 25 to 30 feet in height. When this tree arrived it was an inferior, one-sided affair about 12 ft. high. It was simply utterly impossible to erect such a thing for Brooklyn people, under the Civic League name, and call it a Xmas tree.

We were disappointed to think that Cleveland officials thought so little of this part of town and felt humiliated at the thought of presenting it.

This tree came from our wonderful Warrensville farm.

We heard of a real tree at Bracksville, and our right good Y. M. C. A. secretary got busy, went out in his machine, and with authority from the Civic League, purchased a tree and had it hauled in the next morning.

We want our Brooklyn friends to know that Mr. Townes did not send us our tree, neither did Mr. Townes keep his engagement to appear on the program at the tree on Xmas eve, nor has he in any way since, tendered us an apology.

The expense of the tree was advanced by the Civic League from its membership funds and the operaetta was put on to offset this expense and create a surplus to care for any emergency where a little welfare work might prove a benefit to the community.—The expense of the tree is as follows:

|                                 |           |
|---------------------------------|-----------|
| 1 tree                          | .....\$15 |
| Hauling                         | ..... 10  |
| Connecting to transformer       | ..... 25  |
| Hauling platforms from Broadway | ..... 12  |
| Y. M. C. A.                     | ..... 12  |
| Santa Claus suit                | ..... 3   |
| Total                           | .....\$65 |

We spent \$65 for Brooklyn boys and girls and as has been said, by some of our admirers, with this, as with all the community work we have been able to place here through the Y. M. and Y. W. C. A. we have given a tone to Brooklyn which Brooklyn never had known before.

We hope next year to do even better.

The "League's" next great work will probably be to raise enough money to purchase grounds for a beautiful new "Brooklyn Community Home."

We thank Brooklynites for their past support and feel one and all will be with us for the future.

Yours for Brooklyn,  
Mrs. Austin Estabrook,  
President Civic League.

### WHY I AM A METHODIST

Rev. J. S. Eaton will preach Sunday evening in the Pearl road M. E. church on "Why I Am a Methodist." In the morning the subject will be, "A Sure Test of Christianity."

Mrs. Joseph Partiva, 4412 Wichita Ave., died last Saturday morning. Funeral services were held at the home, Monday afternoon.

The speaker declared that there was too much inactive legislation, saying that there was no use making laws if no use is to be made of them.

Mrs. Frye told her audience that with the proper conduct of affairs the murder of patrolman Shelton by the youthful Platsky would never have happened. She said "With the proper arrangement Platsky would not have been allowed to run at large. His case should have been given the proper attention during his school days, when he showed first signs of waywardness, she stated.

Mrs. Frye said that discussion of public affairs should be encouraged. She pointed out the Tom Johnson administration stating "Although we cursed Tom Johnson one day and the railway corporation the next we got a valuable education from it."

The speaker urged her audience to read deeper than the daily newspapers for knowledge of governmental conditions.

Mrs. Frye will continue her discussion on various governmental plans in the library basement next Tuesday afternoon at 2:30 o'clock.

## ALL OF BROOKLYN, ILL WOULD MAKE YOUNG DIRECTORY

If the names of all the Brooklyn people who are ill were compiled the list would look a whole lot like a young city directory.

Many of the store and office staffs in Brooklyn are totally demoralized because of the absences on account of the influenza epidemic.

Some of those who are ill are Mrs. Joseph Ballash and her daughter, Jane, of 4107 Cypress Ave.; John Ballash, of 3302 Altoons avenue; Fred Brown, of 1924 Treadway avenue; Mrs. W. H. Lehman, of 4227 West 38 street; Louis Schwab, of the Schwab Battery station; Robert Emslie, of 3305 Muriel avenue and Mrs. J. Elsoffer of Pearl road.

Miss Hannah Ruetenik and her girls of the Domestic Science Department arranged a Valentine luncheon as a social feature. The club is planning for a supper at the school on Schaaf road next Wednesday evening at 6 p. m. If you have no means of transportation, notify any of the mothers before Tuesday and automobiles will be provided.

Mr. and Mrs. Tomson of Schaaf road are the parents of a 10 1-2 lb. girl.

## Where Will You Be At 55?

Young man, where will you be at 55? Will you be financially independent or will you be an object of charity? Do not make light of these questions. They are food for much serious thought. Careful consideration now may result in your financial independence in later years.

Young man, study the following actual life record of one hundred men—a fair average that brings home some real truths that are worth thinking over now:

**AT 25 YEARS**—One hundred men all strong and vigorous, able to work and save money.

**AT AGE 35**—5 have died. 10 are wealthy. 10 are in good circumstances. 40 have moderate means. 35 have saved nothing.

**AT AGE 45**—16 have died. 3 are wealthy. 65 are self-supporting but without resources. 16 are no longer self-supporting.

**AT AGE 55**—20 have died. 1 very wealthy. 3 are in good circumstances. 46 are self-supporting but without means. 30 are dependent on children, relatives or charity for support.

**AT AGE 65**—36 have died. 1 very wealthy. 3 are wealthy. 6 self-supporting by labor. 54 are dependent on children, relatives or charity for support.

**AT AGE 75**—63 are dead. 60 of these left no estate. 3 are wealthy. 34 are dependent upon children, relatives or charity for support. 95 percent of these will not have sufficient means to defray funeral expenses.

Every young man wants to we well off financially. Every young man dreams of a college education for his children. No man wants to be a pauper—the object of support by his children. Young man, to reach the goal of financial success you must start on the right path TODAY—not tomorrow. Today is your opportunity.

Lay away a little of your pay every week. Look about you for some good investment requiring only a small amount of money to be paid at regular intervals—monthly for instance. This will stimulate the saving habit in you and make it easy for you to save larger amounts from your income later on. Thrift is a habit. When the habit is well started saving becomes a delight.

Care should be taken not to invest in questionable propositions. Get rich quick schemes are always dangerous and the young man, as a rule, should steer clear of them. Do not be misled by promises of big dividends. Invest your money in some institution that is safe and nets you a fair rate of interest, say from 6 percent to 9 percent.

Study a proposition before you invest in it. Study what other institutions of the same kind are doing in the way of returning dividends to those who have their money invested in them.

The Cleveland News in a recent editorial on saving said: "Thrift is not penuriousness. Saving does not mean being miserly. Wealth piled up at the cost of health or happiness is not wealth at all, because we are paying more than it is worth to get it."

"Real thrift is a combination of wise spending, wise saving, and wise investing."

"No young man or young woman earns so little that something cannot be saved out of it. It may be only in sums of pennies that you begin your saving. But the habit begun with the pennies will be a good foundation on which to later save the dollars."

"The war did one great thing for millions of people in this country. It taught them to save."

"The buying of government bonds on partial payments, which was done from patriotic motives by so many men, women and children, established a saving habit. The savings banks show it with their increased deposits. The real estate markets all over the country show it by the growing number of men and women who are buying homes for themselves just as they bought bonds—paying down a part of the purchase price in cash and binding themselves to pay the rest as it becomes due."

"There is no better display of thrift for the young married couple than to assume the obligations that go with buying a home."

"And there is one condition that always ought to be a part of such a purchase. The home ought to belong as much to the wife as to the husband."

"She does her part of the earning—frequently more than her part."

"She does her part of the saving—almost always more than her share."

"She should have at least a half interest in the results; to be fair, she should have a two-thirds interest."

"There never was a better time to save money than right now. You never got so much for your work as you do today."

"You read every day that a dollar now is only as good as fifty cents."

"It is true that a dollar now will not purchase much more than fifty cents used to."

"But the dollar will go back to its one-hundred-cents value, and the dollar that you save now will double its present value when that time comes."

"Save all the fifty-cent dollars you can. It is the only safe get-rich-quick plan that has ever been invented."

"Thrift means another thing. Cut out waste. If you could be the beneficiary of all the unnecessary waste in this country for one day you would be a multi-millionaire over night. Waste does no one any good. It is just the useless dissipation of wealth, or what might be wealth if it was saved."

"You perhaps think that you do not waste anything. In the first place, unless you are a most extraordinary individual, you waste time, a thing you cannot buy or replace. You probably waste at least 5 per cent of the material things that you use. Watch for the waste and cut it down to the minimum."

## Come On! School Board

The people of Brooklyn want you, members of the Cleveland Board of Education, to stick to your promises. In other words the people of Brooklyn want action—not side stepping.

You, Cleveland Board of Education, have promised that a school would be built on the site you bought on Spring Road. That promise was made two years ago. Superintendent Spaulding decided, himself, that a school building was needed there. But nothing has developed but excuses.

Now the opinion seems to be that a school is needed on Spring Road. And it must be or Spaulding wouldn't have decided so two years ago. But if you, Board of Education, have again decided that the decision is all wrong, you should come out and say so. Show your cards to the people of Brooklyn. They are a fair minded lot. But they do want what they are promised.

The school board's discussion of erecting a school in the southern section of South Brooklyn is held by many as extreme folly in view of the fact that there are no sewer accommodations in the territory and will likely not be for another two years at least. Setting all arguments as to location aside one fact looms up in bright relief against the dark background of the school boards broken Spring Road school promise and that fact is that Brooklyn needs more schools for properly educating its young manhood and womanhood. These schools should be provided at once.

## DON'T BE SICK

Is there anything wrong with your eyes, nose or throat? If you have been blind or deaf, or have lost the voice entirely, don't give up hope, but investigate Chiropractic.  
Have you so-called Rheumatism, Catarrh, Asthma, Bronchitis, Croup, Paralysis, Locomotor Ataxia, Constipation, Insanity, Appendicitis, or a constant headache? Chiropractic is the science that will remove the cause.  
Have you stomach, lung, heart, kidney, bowel or bladder trouble?  
Have you female troubles? Try Chiropractic.  
Perhaps you have stiff joints in the arms or legs that you cannot use naturally. This system brings forth a transformation. My methods not only stimulate, but eliminate the cause, thus permitting nature to perform her work. Health is the greatest blessing we can have.

**Bees Follow Airplane**

The owner of a large apiary in southeastern-Missouri is mourning the loss of half his million bees, lured from home by a passing airplane. The plane was on its way to the funeral of a former lieutenant of the air service, the after cockpit heaped with fragrant magnolia blossoms and trailing a magnificent wreath. Passing over the bee farm, the alluring odor was wafted to the bees. The bees swarmed at once and were last seen as a large cloud dwindling into the far west after the fleeing airplane. The chase continued for at least twenty miles.—Popular Mechanics Magazine.

**Ancient Scandinavian Art**

A wealth of craft romance has lain hidden in the monument of Queen Asa of Norway, mother and grandmother of kings. The discovery of the ship has revealed the existence, in the ancient Viking days, of an art community in the wood carvers of Osberg. Judging from the quality of the specimens gathered in honor of their patron, Queen Asa, in "The Osberg Ship," she must have drawn to her court all the great artists of Scandinavia. The Viking queen of the ninth century was unmistakably a lover of art to whom Norway and the world owe the possession of a unique art collection.

MADE RECORD AS PATIENT

Chinaman Twenty-Four Years in Los  
Angeles Hospital Was Well Liked.  
Charles Ah How, 86, most famous  
and oldest patient of the Los Angeles  
county hospital, has carved his last  
image from the bones which surgeons  
spared him from their operations.  
Charlie died while fashioning a tiny  
skeleton with his knife, an exquisite  
specimen of his workmanship, polished  
to look like ivory.  
The nurse found him reclining in his  
chair, where he had been every day for  
24 years, and the figure was held as  
though he were presenting it to her.  
Charlie came to Los Angeles in 1873  
and was employed as cook by the early  
families. His entry slip, now yellow  
with age and upon which the ink is  
faded, relates that he was admitted to  
the hospital after an injury from  
which both legs were paralyzed.  
The ripe age he achieved is due, the  
physicians say, to his interest in life  
and people. He made innumerable  
friends and was the hospital's most  
popular patient.

CARRYING JOKE TOO FAR

English Judge Frowns on "Assistant"  
Husbands and Wives.  
"Assistant husbands" are the latest  
thing in substitutes to be tried in Eng-  
land. These and "substitute wives" are  
post-war developments of the London  
lounge lizard and "vamp."  
Recent court cases disclose count-  
less cases of wives or husbands "find-  
ing it necessary" to acquire half-time  
solmates to help while away the  
time.  
There wasn't much said about the  
little game until a demobilized officer  
recently asked a judge's assistance in  
ridding his home and friends of his  
former platoon sergeant who had be-  
come about as much a permanent fix-  
ture about the house as the harrack  
or the five-color picture of Earl Haig.  
The officer didn't mind the ser-  
geant's presence up to the platonic  
friendship stage, but he didn't care  
for theater parties and long walks  
and talks thrown in on the side. The  
case was aired and ended with the  
wife choosing the sergeant for her  
very and only own.

Benches for Dance Crowds  
The Women's Civic League of  
Brooklyn has just furnished Memphis  
school with enough benches to take  
care of the crowds at the Wednesday  
evening dancing parties.  
For some time passed efforts have  
been made to receive chairs or benches  
from the Board of Education. When  
these efforts were not productive of  
results, the Women's Civic League  
decided to buy the benches and Cas-  
sodian Bath of Memphis school, Sec-  
retary Kist of the Y. M. C. A. and  
some of the boys from the Y. M. C. A.  
intermediate gymnasium class, which  
meets at Memphis school, furnished  
the labor and a dozen perfectly good  
ten foot benches were turned out.  
Will Have Masquerade Party  
Wednesday evening, Feb. 18th, in-  
stead of the regular community cen-  
ter dancing party, the Community  
Center will hold a masquerade party.  
There will be a slightly increased  
charge to take care of refreshments  
which will consist of ice cream and  
sugar wafers and will be served by  
the Memphis school Mothers Club.  
Only those in costume will be allowed  
to participate in the dancing, but  
plenty of room will be provided for  
the spectators who will wish to come.

There were about 60 boys out to  
the Y. M. C. A. Boys Glee Club re-

in the latter part of March. The sing-  
ing is under the direction of Mr. T.

BUILDERS

Now is the time to prepare for that spring building  
boom. Let me help you by allowing me to draw your  
plans.

Although very moderate in price I will guarantee you  
better looking homes for practically the same money, and  
they will be homes that will give you a pride in your part  
toward giving Cleveland better homes and not merely  
houses. So obey that impulse and call me up now.

To The Employees

Of The  
Marsh Motor  
Company

I AM very glad you're here and I have a warm spot down in the bottom of my  
heart for you. I have met many of you and I know we are going to get along  
fine. You are with one of the best institutions on earth—any way it's the best that  
ever came to Cleveland.

I hope you are having a good time in our community. I hope you'll like us so  
well that you will tell your friends back east to come and join us.

Although you're a long way from your old home some of the best things you  
had back in Massachusetts you've got right here. The Douglas shoe for instance—  
that well made foot wear that has helped to make Brocton famous. And there  
is your old friend, the Emerson shoe—another great piece of workmanship—that  
comes from your old neighboring town, Rockland, Mass.

When you get lonesome for the east, just drop into my store, see if the shelves  
of Douglas and Emerson shoes won't make you feel at home. Some of you fellows  
have been doing this and one of you remarked the other day, "Why, you are sell-  
ing Emerson shoes for less than they cost right in Brocton." He is right and I  
was glad to hear it. It is a fact that my prices on everything are lower than  
that asked elsewhere.

Now, Marsh Co. employes, when its wearing apparel, you'll find it in my store.  
Whether it is for knocking around in the factory or for dress wear, I have it—  
just what you desire.

My place is near your headquarters, and is easy to find. It's just south of the  
Home Savings & Trust Co. Drop in. Say you're from the Marsh factory and the  
best in my place is for you.

That's a great deal different than a big reduction on DOWN TOWN PRICES. Prices at Dub-  
sky's are away below those of "Big-Expense-Laden" Down Town locations. Now we say, "Come  
and select what you wish while you can take advantage of the big reductions." This we say in  
face of the fact that when we have to replace present stock it will cost us more. Get busy NOW.  
To put off buying is to lose good money.
