THE PAPER THAT SERVES BROOKLYN AND ADJACENT TERRITORY.

No. 51.

VOL. I.

CLEVELAND, (BROOKLYN) OHIO, MAY 14, 1920.

## BUSINESS MEN AND B. P. R. WILL HOLD BIG BOOSTING RALLY NEXT FRIDAY EVE.—EXPECT BIG CROWD

The members of The Brooklyn Business Chamber and the Brooklyn Parma Royalton Civic Association, will meet in joint session next Friday evening, May 21, in old Odd Fellows' hall.

The purpose of the joint meeting is to unite efforts for the benefit of Brooklyn and adjacent territory—to create a more powerful organization for obtaining needed improvements for the community.

Every man interested in the community's welfare is invited to attend the session.

There will be a speaker there that will talk straight from the shoulder. He will tell what is necessary to make a community a "top-notch." It was A. E. Riester, who elected the speaker. His name will be announced in next Friday's issue of the Brooklyn News.

The meeting is called to start at 8:15 o'clock.

Because of the importance of the community. Every man who desires to come before the joint meeting, the officials of the organizations predict a large session.

"Every business man should be there," says J. Elsoffer, leader of the Business Men's organization. "In unity there is strength and it will be worth every business man's time to be present," he said.

J. P. Smith, president of the B. P. R.

"The time has come for accomplishment—for every true lover of his community to get out and work for

## PEARL ROAD TO BE 86 FT STREET

It is the plan of the City Planning Commission to make Pearl road, an 86-foot street as far south as Behrwald avenue. From Behrwald south it is the plan to make Pearl road 100 feet wide.

The planning commission advises property owners along Pearl road business district to keep in mind the proposed 86-foot street, in all of their building plans along the highway. Those who disregard the 86-foot street plan of the commission will find themselves facing an expense when the decision is finally made to make the thoroughfare 86 feet wide.

Pearl road now along the business section is 66 feet wide with a 14-foot sidewalk.

HERE ARE OTHER PLANS.

Other plans of the City Planning Commission are: the extension of Fulton road, from Denison avenue, south to Brook Park road; the extension of Tampa avenue from Broadview road, east to West 11th street; the extension of Archmere avenue from Pearl road east to 35th street; the extension of Archmere avenue west to Ridge road and Behrwald avenue from its present westerly terminal, west to Ridge road. The plans for Fulton road are for an 86-foot thoroughfare. The Fulton road improvement would greatly relieve congestion of traffic on Pearl road and W. 25th street.

A great length of Memphis avenue, east from Ridge road will be widened to 86 feet. The M. J. Herr Realty Co.; the Kangessor Realty Co. and Knigh-Norris Gibbs Co. have donated the city sufficient property to widen Memphis avenue to 86 feet in front of their allotments.

## HICKS ALUMNAE MEETS MAY 18

Many Brooklyn people who were pupils in the Hicks school are planning to attend the annual reunion of Hicks school Alumnae Association to be held Tuesday evening, May 18, at the Chamber of Industry. "Come and let's be kids again," is the request of the association's president.

## BAND PREPARES FOR CONCERTS

The South Brooklyn Boy's band is rehearsing seriously for the concert this coming summer. The boys feel that they will be able to do quite a bit better than last year. The boys are anxiously awaiting July 5, for on that day they expect to play for Johnny Kilbane's fight at League Park. Anybody who thinks he can play a horn is welcome to play in this band.

## DR. JACQUES OPENS OFFICE ON LORAIN AVE.

Dr. Jacques, of 3301 Natchez Ave., who practiced dentistry in the Kather Block ten years ago, has returned to the profession and will open up an office on Lorain Avenue.

Dr. Jacques has several dental students in Cleveland, among whom are: Dr. Doolittle, Dr. Rowley and Dr. Kelling.

## HOLDS HIGH PLACE IN RUSSIA

Chinaman of Low Origin Said to Be Real Power in the Soviet Government.

While ricksha coolies and tea house zossips tell each other that bolshevism means three acres and a cow all round, and even the sober middle class Chinese think there may be some reality in it for militarism, it is interesting to learn from Berlin that the most powerful man in soviet Russia today is a Chinese—or, Confucian, but named Ipak Yon, who was formerly a barber's assistant in Blagovestchensk, and was nearly hanged as a spy during the Russo-Japanese war.

For several months Ipak has had working quarters in the Kremlin, and has a place in Moscow, where he keeps up great state and parades his four Christian wives on Sunday in gilded carriages. The orthodox communists bitterly criticize Ipak and his ways, and accuse him of having accumulated 3,500 million rubles (15 million dollars) in six months.

Ipak owes his power, says the R. botch Golos, to his industry, insinuating ways, cunning, and ability to keep on good terms with different parties.

He is on intimate terms with Lenin, who calls him "My Celestial," and takes no important step without consulting him.

The communist leader Jakovlev lately declared, "We have a new Rasputin, who hypnotizes our new czar."

## WORK TWO MONTHS IN YEAR

Colony of Spiders May Be Thought to Have an Easy Time, But They Don't.

In Hoboken, N. J., in a large surveying instrument factory, there is a colony of 200 workmen who never receive wages, yet who are perfectly contented. They toil from early in the morning until late at night, and their only recompense is a house fly or two aplece during the day. They are spiders—large, black, energetic spiders—and they comprise probably the most indispensable part of the entire working force. It is their duty to spin the thread that is used for cross hairs in surveying instruments. During the two months of the year when they work they produce thousands of yards of the almost invisible but invaluable fiber.

The spider colony works only during August and September. A strike among them may sound amusing to the readers, but it is really a serious matter. For the purpose of urging the little workmen to their tasks four girls, trained to expertness in their unusual duties, are employed; it is their task to coax the spiders to work whenever they show signs of reluctance.

Coaxing the spiders really means irritating them. The girl places one on her hand and pats or taps it until it jumps toward the ground, leaving one end of its thread behind. Before the spider can reach the ground the girl quickly attaches the thread to a wire whirling frame, which she revolves in her hands. As the spider struggles to reach the ground she continues to wind, and in that way sometimes gets several hundred feet of thread from a single spider.

## ALL IS READY FOR MAY PARTY

All plans are complete for the May party to be given by the Brooklyn Women's Civic League, May 7 at 8 o'clock in Glenn Hall.

Those who have not secured tickets for the party may do so by calling at the Y. M. C. A. rooms, Miller block, advises Mrs. Austin Estabrook, president of the league. Tickets are gratis to members and their friends.

Cake and ice cream will be on sale. Each member of the League, who can, is asked to bring a cake to Glenn hall. Thirty-six ladies will act as ushers and caterers. They are requested to dress in white.

"We expect every member of the league, whether five years old or 83 years, to be present," said Mrs. Estabrook. The invitation is extended to the men as well as the women.

## COUNT-ON-ME CLUB WILL PRESENT PLAY

"The Minister's Wife," will be presented Wednesday evening, May 19 at 8 o'clock at the Evangelical Protestant church, on Memphis and W. 25th St., as the feature act of an entertainment to be given for the benefit of the Deaconess Hospital by the Count-On-Me Club. Mrs. Adelaide Price is directing the play. Those taking part are: Mrs. Clara Bachman as Miss Bennet, principal of Katakorn's Seminary; Louise Howard as Rose Trenton; Alma Weber as Mildred Lewis; Mrs. Mathilda Mueller as Molly Campbell, and Anna Flade as Gertrude Ross. Margaret Riemann will be Mrs. Parsons, the minister's wife. Other numbers are solos, reading and instrumental numbers. The admission will be 25 and 15 cents.

## B. P. R. ENDORSES BOND ISSUE TO BUILD MORE SCHOOLS IN CITY

The executive board of the Brooklyn Parma Royalton Civic Association, at its last meeting went on record as favoring the proposed bond issue for school building purposes in Cleveland. The board instructed its secretary to notify the Cleveland school officials that the B. P. R. stood ready to do everything in its power to aid in the passage of the proposed bond issue.

It is the plan of the school board this coming summer to ask the people of Cleveland to authorize a bond issue for building schools in Cleveland. Unless the school board changes its mind the issue will be for twenty million dollars, sufficient to cover a three years' building program.

The B. P. R. has been a pioneer for better schools. If a bond issue of sufficient size is authorized by the voters Brooklyn in all probability will be benefited by the erection of a school in the Brooklyn community.

## BROOKLYN HEIGHTS SOME SPEED, EH? WE'LL SAY IT IS

Herman Geltman, chairman of the highway committee of the Brooklyn Parma Royalton Civic Association, is endeavoring to break his own record for speed in getting improvements in South Brooklyn Community.

The B. P. R. executive board at its meeting last Friday evening instructed Geltman to take up the matter of repairing Pearl road and State road from the Y to Brook Park road and Brook Park road from Pearl to State road. It also instructed him to appeal to the county commissioners for action on the proposed widening of Pearl and Broadview roads to 100 feet and State and Ridge roads to 80 feet.

Within less than a dozen hours after receiving the wishes of the B. P. R. board, Mr. Geltman was before the county commissioners asking them to take action.

"An organization can get anything it wants as long as it is sincere; is willing to work and has a good argument," says Mr. Geltman.

The severe winter has been responsible for the rutty condition of Pearl and State roads from the Y to Brook Park road while the laying of the water line along the side of Brook Park road, between Pearl and State road has caused the pavement to crack in the middle.

The matter of widening Pearl, State, Ridge and Broadview roads has been before the B. P. R. for several years, but action was held up because of the war. Because of the heavy traffic these highways will be bound to bear within another few years, it is necessary that they be widened, in the opinion of the B. P. R.

The county commissioners informed Mr. Geltman that they favored the widening scheme, and pointed out that it meant an immense amount of work to get the property owners to consent. However, the commissioners promised to interest themselves in the matter. Mr. Geltman informed the commissioners that the B. P. R. stood ready to offer its services in carrying out the detail work.

Mr. Geltman first broke the record for rapid landing of improvements about a month ago when he succeeded in getting the county commissioners to pass legislation for straightening Pleasant Valley road. The matting had been hanging fire for two years, but it took Mr. Geltman less than five days to induce the commissioners to take action. The straightening of the road will bring the paving of Pleasant valley road another step nearer.

Grange to Picnic. A Grange picnic will be held this coming summer at Summit Lake near Akron, according to the plans determined by the Brooklyn Heights Grange in their meeting Tuesday night. The date of the picnic will be decided later.

The Colonel's Lady's Maid. A young flying officer met a pretty girl—er—informally at Coney Island one afternoon. She was dressed awfully swell, and when they separated she gave him a very fashionable New York address; so the next time he was in town he wired her to meet him at the Ritz for dinner.

She turned up, looking smarter than ever and after dinner they did a theater. A brother officer sat in a box, and the young airman waved to him, but got a rather quizzical response.

"What all, Topper?" he thought, and at the end of the act his question was answered.

"Hello, there," Topper said, coming up to him in the lobby. "I don't mind your taking out my wife's maid, old man, but I wish to goodness you'd ask her to wear her own frocks."—London Answers.

Prisoners in Famous Tower. Not everybody can boast of having been imprisoned in the Tower of London, but history witnesses to many people having been there and feeling a good deal less amused than did a party of sight-seers who found themselves locked in the tower. While visitors were inspecting the armories and vaults in the White tower, the garison was suddenly aroused by the ringing of the alarm bells, which immediately resulted in the barring and bolting of gates and doors, so that no egress was possible. It is supposed that, in connection with the repairs going on, a workman unintentionally touched a wire attached to the alarm signals.

Pup Had Not Had Influenza. Johnny's aunt had not been getting around with her accustomed "pep" since she had had influenza, and often explained her lack of energy and slow movements generally by the simple statement that the flu certainly left one with no "pep."

Johnny was coming home with her in their sedan one afternoon and passed a pup playing with some children on the corner. The pup was a regular dynamo when it came to wriggling and jumping around.

"Well, I'll say that that pup never had the flu," remarked Johnny.

From the Earth to the Moon. According to the Journal of the Royal Artillery, a shell with a muzzle velocity of five miles a second, if fired at the correct angle, would become an attendant satellite of the earth, and would go round it in a little less than one and a half hours. If the speed were increased to seven miles a second, the shell would go into space altogether.

Belleau Wood Mapped by Marines. A large relief map of the section of Belleau wood in which United States marines did such severe and heroic fighting during the war is being prepared by marine corps topographical experts.

The map will be 22 feet square, and will show the character of the terrain of a territory 16 miles square.

The data for the preparation of this map was secured by a mapping party of marines who just returned from France.

Miss Kathryn Stark of Brighton, Mass., and a student of the College of Secretarial Science, Boston university, was presented a union card recently when she laid the cornerstone for the new building. The presentation was made by Thomas S. Pickett, at right, while Master Mason George W. Downes, center, sought his approval of admitting the girl to membership in the Boston Benevolent and Protective Union No. 3 of the Brickmasons' union.

Menel Thompson Wedding Is Held. A pretty home wedding in which Brooklynites will be interested, was held May 1st, at the bride's home, 3706 Spokane Ave., when Miss Roth Mendel became the bride of Mr. Vernon M. Thompson, son of Mr. and Mrs. L. Vernon Thompson, of Vermilion, O.

At four o'clock, to the strains of the wedding march, the bride and her bridesmaid, Miss Alma Herbst, descended the stairs, meeting the groom and his attendant, Chauncey Mallett. Only the immediate relatives were present.

The young couple left after the wedding, for a wedding trip.

REBEKAHS TO INITIATE. Glendish Rebekah lodge will hold an initiation Friday evening, May 21, in Glen hall. All members are asked to be present.

Mrs. J. Elsoffer has returned home from two weeks' stay at Mt. Clemens.

## BIRTHDAY PARTY AT KRATHER HOME

Mr. and Mrs. H. Krather celebrated Mother's day in honor of Mrs. Krather's sixty-ninth birthday. She received many beautiful flowers and presents.

Dinner was served at six o'clock and the guests departed at ten p. m., wishing Mrs. Krather many happy returns of the day.

Those present were: Mr. and Mrs. J. Pfeiffer, Mr. and Mrs. M. Koblenzer, Mr. and Mrs. C. Koblenzer and daughter La Verne, Mr. and Mrs. G. Gehring and daughter Luella, Mr. and Mrs. W. Dennis and son Adelbert, Mr. and Mrs. R. O. Winter.

## NOW AND 100 YEARS AGO—A CONTRAST

Rev. J. S. Eaton will preach in the Pearl Road M. E. church Sunday evening at 8 o'clock on the subject, "Now and One Hundred Years Ago—A Contrast." We are living in the day of the high cost of living. There are other disadvantages that we feel more keenly. Are we better or worse off than the people of a century ago?

Are conditions, today, comparatively, such as to make us pessimists or optimists? The matter will be discussed Sunday evening from many different angles, and the conclusions, it is believed, will be convincing.

In the morning at 11 o'clock Rev. Bamford and the pastor will exchange pulpits. There will be Sunday a general exchange of all the Protestant pastors of the city.

## A GREAT TRAVELER TO TALK

Fresh from thrilling adventures in China and Japan, Rev. Dr. Dan Burghalter will speak in Eighth Reformed Church Sunday evening. He has all the heroism and fiery eloquence of Roosevelt and the wholesome humor of Mark Twain. His stories of life in the Flowery Kingdom and in farthest China are strange and full of wonder.

At the morning service, the pastor, Rev. J. H. String, will preach on "The Saviour's Last, But Not His Least Promise, and Its Fulfillment."

## DENTIST USES X-RAY

An X-ray photograph apparatus has been installed in the dental office of Dr. C. F. Albers, dentist, located in the Miller Block.

The X-ray has been found to be a great asset in the practice of efficient dentistry and X-ray photographs are being extensively made by dentists.

An X-ray photograph will show the condition of the human jaw. Abscesses, impacted wisdom teeth, improperly located teeth roots and other defects are readily shown by X-ray photography.

## BANQUET FOR BASKET BALL CHAMPIONS

The home of Philip Dany, 4271 W. 20th St., was a scene of much gaiety April 30, when the Pearl M. E. Basketball players—the champions of the West "Y" League—were guests of honor at a banquet given them by the Bonne Fois Club.

The table was decorated in the team's colors, gold and brown, while a miniature basket ball floor in the center of the table served to remind the boys of the friendly strifes in which they had participated.

The members of the team at the banquet were: Arthur Wilson, manager; Elmer Dany, captain; Alfred Rieking, Norman Skala, Paul Winter, Lawrence Barll, and Paul Carr. Regret was expressed by the boys because Mahlon Disler, one of their star players could not be present, due to his re-enlistment recently in the U. S. Naval Service.

After the banquet a rising vote of thanks was extended to the Dany family for opening their home to the boys.

The members of the team then went to the G. A. R. Hall, where the entire Bonne Fois Club gathered and enjoyed an evening of dancing.

At the end of the evening the boys declared that their hard playing to win the championship had all been proven worth while, and the other members of the Bonne Fois club assured them they were willing to repeat their part of the program any time that the boys wished to put up the kind of playing which they did this year and bring home the championship to South Brooklyn.

## ENTERTAINMENT IS SUCCESS.

The entertainment in the Pearl road M. E. church Thursday evening, May 6th, was a pronounced success.

All taking part did well, and the evening was enjoyed by a packed church. Miss Reimer and her assistants deserve great credit for a first class production in every way.

Mr. and Mrs. Elbert Oiler 4538 Broadview Road are rejoicing over the arrival of a new girl.

## Y. M. C. A. NEWS

Secretary Karl Kist will be out of the city from May 18 to June 2, to attend a convention of association workers with boys, at Blue Ridge, near Asheville, N. C. Immediately on his return, work will be started on a small dam out at Snow Woods, which will provide a summer play spot and swimming pool for Brooklyn "Y" boys.

Seventy-eight boys out of the 96 to be taken are already registered for the Brooklyn Y. M. C. A. ten-day camp at Camp Tawasenta. A small descriptive booklet about this camp is just off the press and is being mailed to all Brooklyn Y. M. C. A. boys.

Swim Period for Older Boys. Every Wednesday evening Brooklyn older boys will own the Broadway Y. M. C. A. They will play indoor baseball on the gym floor and have an hour in the pool afterward. This event is scheduled at 7:30 each Wednesday.

Younger boys' swim at West "Y" every Friday at 4 p. m.

Organize Three Leagues. Three indoor baseball leagues have been organized in Brooklyn. Two of these leagues are boys' leagues, while one is for young men. The games in the two boys' league will be played at Memphis and Dawning school immediately after school closes each day.

The young men's league is a twilight league; games beginning at 6:45 p. m. also being played at Memphis and Dawning School play grounds.

## WHERE 'HUSTLE' IS UNKNOWN

People of the Fiji Islands Have No Use Whatever for the Motto "Do It Now."

In the Fiji Islands physical activity is synonymous with heartlessness, all things being done slowly. Everything there is "matua," that is, no matter what is wanted, or whom it is wanted from, "wait a bit" is the process. There is no use of rushing anybody, is the islanders' idea, however, he is as indifferent to his as to little things. The Indian, small and wiry, who seems too delicate for any task, and is stopped by none, acts as a reinforcement in the south sea labor market, including the Fiji Islands. Labor is borne unevenly, the white man looking on and commanding, while the Indian slinks about and slaves.

All the business and labor of the islands has passed into the hands of the Indian, who is tailor, jeweler, grocer and gardener. Sidney Greenbie writes in Harper's Magazine, "The Indian works the plantations and the factories, and is gradually buying up land. Meanwhile the Fiji ideas happy if he can add a shilling, an old vest, or a torn pair of trousers to his possessions."

A Lift for the School Board

It should be good news to the Cleveland Board of Education to know that the executive board of the Brooklyn Parma Royalton Civic Association favors a bond issue for school building purposes.

Not only does the B. P. R. board favor such an issue but it also offers its service to aid in the passage of the issue when it is placed before the voters of Cleveland.

Twenty million dollars has been suggested as the size of a bond issue needed to carry out a three-year building program of the board of education.

There is another class that argues against building until prices are more reasonable. Deaf ear should be turned to this class. The boys and girls need their education now.

The B. P. R. act to aid in the school bond project is a commendable one and should be copied by other Cleveland civic organizations.

When honors are awarded for community work we will have to call on Herman Geltman to step forward.

MOTHERS TO DISCUSS CHILD DISCIPLINE

The Memphis Mother's Club will meet Wednesday, May 19th, at the school. A round table discussion on child discipline will be conducted by members of the club.

GOLD PIONEER DIES IN WEST, AGED 100

George Kibbe Had Lived in California Since Gold Rush of 1849.

Fourteen days more than one hundred years was the life span of George Kibbe, pioneer resident of Los Angeles, who died at the home of his son, W. H. Kibbe, 76 Elsie street, Lamanda Park.

Mr. Kibbe had lived in California for more than 70 years, going to that state in the first gold-rush of 1849. He made the journey around Cape Horn. From San Francisco Kibbe removed to Los Angeles in the fifties and for a long time drove a government freight wagon between Los Angeles and San Diego.

Mr. Kibbe had been for years the oldest living graduate of Trinity college of Hartford, Conn. He was a native of that state.

**DEER DOES AERIAL ACT**

Crosses High Trestle on Ties, Thrilling Watchers.

No circus ever staged a more thrilling animal performance than was witnessed on the trestle of the New England railway near Forest View cemetery, at Winsted, Conn., when a deer crossed the structure on the ties in view of many spectators, crossed South Main street and climbed a steep bank to the track. At the trestle, 30 feet above ground and 75 feet long, the animal hesitated, then started across. Once it missed its footing and seemed to be wedged between the ties, but struggled to its feet and finished the perilous journey, then disappeared in the direction of Highland Park.

A hound, which had evidently been chasing the deer, soon appeared and also crossed the railroad trestle.

The Baldhead Club of America is going to stay bald. Its founder, John Rodemeyer of Greenwich, Conn., absolutely declined to furnish a list of names of the hairless wonders who make up the club to any of the numerous inventors and manufacturers of hair restorers who have applied for such a list.

Doctor Rodemeyer based his refusal on ethical grounds. Moreover, he declared it was held to be an honor to belong to the club, and no member would lightly trade the honor of membership for a new head of hair.

Sealed bids will be received by Herman Geltman, Clerk of the Board of Education of the Independence Rural School District, Cuyahoga County, Ohio, at the home of Herman Geltman, R. F. D. No. 2, Brooklyn station, Cleveland, O., in said school district, until 2 o'clock p. m. Central Standard time, on the first day of June, 1920, for the purchase of bonds with interest coupons attached for the purpose of completing the partially built school house in said school district, in the aggregate sum of \$25,000.00, numbered and described and made payable as follows:

Numbered from 1 to 25 inclusive, for \$1,000.00 each, and payable as follows: No. 1 June 1, 1921, and taken consecutively one bond each year thereafter for 24 years.

All of said bonds, together with interest coupons attached for the purpose of completing the partially built school house in said Independence Rural School District, Cuyahoga County, Ohio, in anticipation of the income from taxes to be levied for such purpose and are issued under authority of the general laws of the State of Ohio, particularly Sections 7625, 8626 and 7627 of the General Code of Ohio, and in accordance with a resolution adopted by said Board of Education of Independence Rural School District, Cuyahoga County, Ohio, on the first day of April, 1920. All of said bonds shall draw interest from their date at the rate of five and one half (5½%) per centum per annum, payable semi-annually on the first days of December and June of each year; said bonds and interest thereon shall be payable at the office of the treasurer of the Board of Education of Independence Rural School District, Independence, Ohio. Said bonds will be sold to the highest bidder for not less than par and accrued interest.

All of said bonds shall be delivered to the highest bidder at the office of the Prosecuting Attorney of Cuyahoga County, Ohio, Old Court House, W. 3rd St., Cleveland, Ohio. All of the above described bonds shall be dated the first day of June, 1920, and together with interest coupons shall be issued and signed according to law. Said interest coupons shall have the signature of the clerk lithographed thereon. All bids must state the number of bonds bid for and the gross amount of the bid and accrued interest to date of delivery.

All bids to be accompanied by a certified check on some bank other than the one making the bid, payable to the treasurer of said school district, for ten per cent of the amount of bonds bid for, upon condition that if the bid is accepted the bidder will receive and pay for said bonds within ten days from the date of the award, said check to be retained by the board of education if such condition is not fulfilled. Said bids will be opened and publicly read, and the sale of said bonds will be made at a regular meeting of the board held on the third day of June, 1920, at eight o'clock p. m. Central Standard time at the office of the Board of Education of Independence Rural School District.

The board reserves the right to reject any and all bids. Bids shall be sealed and endorsed "Bid for Bonds." By order of the Board of Education of Independence Rural School District, Cuyahoga County, Ohio.  
By HERMAN GELTMAN, Clerk.

Your eyes do more than earn your living.

Guard Carefully This Greatest Gift.

Your eyes can earn your living—but they do more. They are more than the "windows of the soul." They are the doors through which nature sends her message to the brain. They are the portals through which enter the messages of life itself.

The eyes are your greatest source of comfort, inspiration and happiness. Without them, and this marvelous function of sight—man loses his most precious physical possession.

Guard carefully this greatest gift.

**WHY BUY A LOT IN THE COUNTRY**

and spend five to fifteen anxious years waiting for long promised improvements, when you can buy a lot within the city limits having all improvements available?

**MEMPHIS HEIGHTS**—has gone thru this period of anxious waiting. Development has arrived. Many acres of land are being converted into beautiful homesites on wide streets; thousands of yards of dirt are being moved prior to the installing of miles of sewer and water mains; the laying of five-ft. sidewalks and the planting of shade trees. The advantage of buying a homesite in Memphis Heights today cannot be overestimated. No other development in this territory selling at equal prices can favorably compare with it.

are possible because we are not spending thousands of dollars in extensive newspaper advertising; our offices are not filled with high salaried executive drawing many times what they earn. Every member of the M. J. Herr organization is a Producer, which means that our overhead expense is cut to a minimum. Overhead expenses as you know, are added to the selling price of the lot.

These facts, Mr. Lot Buyer, put dollars into your pocket when you buy in Memphis Heights. Do not fail to avail yourself of this opportunity to buy now at the prevailing low prices.
