### Stamp Buyers Hear U. S. Band

The United States Coast Guard band, which has distinguished itself on its tour of the European Theatre of War will come to Rhodes, on Monday, April 30, 1945, and will play for students who have bought ten dollars worth of stamps and have received tickets of admission to the show.

The band is composed of United States Coast Guard Amphibians, most of whom are veterans of the invasions of Normandy and Southern France. This Coast Guard Band played at morale shows for more than 250,000 allied troops throughout the European theater. They traveled, stopping off at camps along the way, from North Africa to Scotland.

With a personnel of seventeen men, the Coast Guard Band will play all sorts of music, but because of the Over 1600 See death of President Roosevelt and the fact that the Armed Services will still be in mourning on April 30, not too much hot music will be played.

## Band, Orchestra Review Hunts Gutstanding Teen Age Boy or Girl for Tribune

To shift the emphasis to smarter and smoother teen-agers, people who "do" something, the Rhodes Review has joined the Chicago Tribune and its syndicated papers in helping to find some of the nation's outstanding teenagers to be chosen TEEN OF THE WEEK.

Originated by Miss Sheila John Daly, writer of the popular Tribune column, "On the Solid Side," the promotion undertaken is not to find a teenager who "is" someone but one who "does" something-an artist, athlete, writer, someone with an unusual hobby or out-of-school job. Because of the increase of teen-aged fads, clothes, customs, the general activities of the "bobby-sox brigade," the selection made will be a boy or girl attending or recently graduated from Rhodes who is outstanding, one with ambition me," stated Alfred Cheselka, 11A. Oband initiative who might be of interest to other teen-agers in the nation.

To select Rhodes' TEEN OF THE WEEK, a committee of six faculty members has been picked by the Review staff and will make their selection known to the school in the next issue of the Review. The choice will be kept secret until then and mailed to the Tribune. Each TEEN OF THE WEEK will be featured with picture and story in that publication.

The faculty committee chosen includes M. P. Effron, Miss Ruth Hier, assistant principals; G. E. Seedhouse, C. Hicks, Miss Helen McGinness, and Miss Nelle Thompson.

#### Will Talk on Engineering

A meeting will be held at West Tech on April 25, at 8 p. m. for students interested in architecture, engineering, chemistry, or physics. The speaker, Dr. W. E. Wickenden, who is the president-elect of the American Institute of Electrical Engineers and president of Case School of Applied Science, will give a short address after which the students will assemble in groups interested in chemistry, chemical, civil, electricol, mechanical, and metallurgical engineering.

## Cheselka Wins Over Cummings In Close Student Council Race; "Promises to Be Carried Through

Alfred Cheselka, a member of the Student Council for the past two semesters, won the election yesterday with 632 votes, while Bob Cummings

At the assembly Monday afternoon John Bahner, president of the Student Council, introduced the two candidates, who concluded their campaigns with the usual speeches.

"I will try to fulfill all reasonable suggestions that are brought before taining mirrors for the girls' washrooms has been a promise of many Council candidates. It was renewed again this year by Alfred. He also said that Student Council dances would continue every three weeks, with refreshments in the cafeteria. Cheselka also stated in his campaign speech that he would try and get additional recreation during lunch periods, such as music and dancing. He made no rash promises such as pepsicola in the drinking fountains, escalators for the basement or the fourth floor, or a roof over the stadium.

Cheselka brought his campaign to a close by saying, "That the promises I made will be carried out to the best of my ability."

Bob Cummings, 11B, made no promises but he stated, "There are a few goals I will try my darndest to at-

### Soviet Union Discussed at Conference

The Cleveland Council of Soviet-American Friendship will sponser an all-day conference on the subject of "Education About the Soviet Union" at Cleveland College on Saturday, April 28. The purpose of this conference is to promote a better understanding of Russia.

The program is open to the public with a fee of one dolar for the entire conference or fifty cents for a single session. Registration starts at 9 o'clock and the program will be held from 9:30 until 3:30.

Two of the speakers are Dr. George Vernadsky, research associate in history at Yale University who will speak on "Permanent Features of Russian Life," and Dr. Vladimir D. ### The Male Speaks Fashion Plates

This week the column will be devoted to the male gender. With National Hobo Week over, the clothes of the boys are coming back to normal.

The best dress for school is probably a pair of drapes, a shirt with a widespread or long collar and a sweater.

Drapes sold at a local tailor are still popular, but since it is legal again to put pleats in pants, the fellas are having them made at down town stores. Here they are less expensive and one has a larger variety to choose from.

This year glenn plaid suits are very popular among hi-school students, and are still prominent. The plaid suit can be worn for most occasions, the coat can be used for a new sport jack-"Mickie" feels "pretty good" about Perry Como's version of More and et with contrasting slacks, and the suit getting in the Honor Society. Brogue style shoes are still very popular since they fit in well with drape clothes.

Knit ties rate tops with students as well as older men, and the solid color, crush-proof tie goes over big also. This spring and summer a lot of painted and printed ties will be seen mostly in loud patterns.

This influence comes from the discharged servicemen who grew tired of brown and blue uniforms and wanted some flashy colors in their

Aiming to equal last year's record, a group of twenty reported to Carlton Hicks two weeks ago for the first practice of the All-Rhodes Class E baseball team.

Last year the team finished as runner-up in its division.

Ivan Greene, who has coached East Tech track squads to six state track titles and a national reputation unparalleled in scholastic track annals, sat back in the Rhodes stadium to watch his Scarab squad run against Rhodes in what the newspapers termed the outstanding track event this season.

A cigar in his mouth, Greene stopped to write the results of the high hurdle race on a scratch pad. He never expected Kregenbeck (Rhodes) to take a second, since Sistek was out.

## Injuries Again Hamper Locals; Relays Near

Bad luck and that word "if" are again playing a big role in Rhodes athletics. Last fall football suffered, now it's track.

With the Wesleyan Relays coming up this Saturday, Coach Holden is troubled. Will Sistek's leg be healed after the muscle injury incurred during the Parma encounter? The condition of George Schilens whose knee has knocked him off par, and the foot injuries which perhaps will cause the absence of mile anchor man Hank Sybo and two-mile relayer Leo Friedel are four reasons for E. J. spending a good many sleepless nights.

Taking into consideration all of lady (bad) luck's bag of tricks, however, Rhodes still is in position to offer stiff competition Saturday.

Previous Wesleyan gatherings were attended by out-of-state schools. Due to wartime rulings this year's relays include only entries from schools of various Ohio regions.

To date the situation stacks up like

Tough two-mile team - Gates Banks, Cheselka, and Missig.
