To All Seniors:

 $^{66}A^{
m N~END}-{
m A~NEW~BEGINNING"}$ is a phrase which has been too often repeated, until now it means much less than it once did. So the staff of the Review is not going to remind the graduating class that this is the situation which now confronts them.

Instead, it will quote William Shakespeare and say, "All the world's a stage, and all the men and women are merely players." For the 12A's, Act One, childhood and adolescence, is

Looking back, Rhodes has set the scene for these 12A's; the rest has been up to them. Their future plans may reflect their past performance, but they need not depend on it. For, unlike an ordinary play, each actor has the opportunity to make a fresh start.

The curtain now rises on Act Two - young adulthood. The stage is set for further education or a job, for a chance to star in a tremendous production.

The players in Act Two should profit from the mistakes of the past, trying not to repeat the wrong lines or missing a cue. Their performance can be improved by listening to the critics and to their own consciences, to make the play a success.

Good luck, 12A's.

NHS Changes

ONGRATULATIONS to the thirty students who were recently inducted into the National Honor Society. The Review commends these students for achieving a coveted goal.

Former viewers of the NHS ceremony undoubtedly noticed changes in the proceedure of this semester's inducton. The Review congratulates the faculty committee for incorporating these changes, which stemmed from a letter sent to the committee by the Review editorial staff. In this letter, dated November 8, 1966, the staff offered suggestions for improving the ceremony.

One of the major points brought out in the letter concerned the lighting since the auditorium had in previous years been darkened. In response the auditorium remained partially lighted. This enabled the student body to view the new inductees. Also, the eerie music was eliminated.

The Review feels that these changes added something to the induction ceremony - class. The ceremony received the simplicity and solemnity it deserves.

Kiss of Death phrases are sentences which

seem harmless on the surface, but which really mean much more than is apparent at first. Here are some examples used by Rhodes' students.

BOY - GIRL

Our family has already made plans. I'm not sure I can make it. I have to go out of town. I'm babysitting. I'm only allowed out once a week. I don't feel well. I'm busy that night. I don't have anything to wear. I'm not allowed out on weeknights. I have to be in by 9:00. My boyfriend won't let me. I'm grounded. I'm expecting a long distance phone call. My mother's in the hospital, and I have to

stav home. I have to get up at 6:00 the next morning. I'm working that night.

I always take my sister wherever I go. We're having company.

My dog is going to have puppies. I have to study for a test.

Mr. Holden Maintains Interest in People

By CAROL WEIDEMAN

"I'm interested in people making progress. Anything we really want to get done, we can do," states Mr. Ellsworth Holden, head of the Business Education Department, in reference to the Rhodes student body.

Mr. Holden, now beginning his thirty-fourth year of teaching here, attended West Commerce High School now a part of West Tech.

Mr. Holden

He received his bachelor's degree in accounting at Ohio University.

"I've watched some of my former students become doctors, accountants, lawyers, and professors. Whatever

Rhodians do in later life, they seem to be successful," the teacher comments.

Mr. Holden, who prepared for work in accounting and finance, did not intend to teach. During the depression, however, he was offered a position in the Business Education Department by former Rhodes principal, the late Neil D. Matthews. He says he does not regret his career choice.

The Seven Hills resident has four children

- a married daughter, an instructor at Ohio University, a business employee at Union Carbide Company in New York, and a theology major at Union Seminary.

"I'm very proud of them," remarks Mr. Holden. "Three are Phi Beta Kappas, like their mother."

As department head for 24 years, the teacher feels business education courses are invaluable. He believes all students can benefit from them.

"Business education prepares a person to earn a livelihood at an early age," states Mr. Holden. "It gives you skills you can always

For the college-bound student, the teacher suggests taking typing and a year of bookkeeping or shorthand, if possible. He thinks they can be helpful in both academic work and job opportunities.

"When I came, there were only five teachers in business education and the only equipment was typewriters," recalls Mr. Holden. "This year we've acquired more equipment than we have had in the past 20 years."

This sports enthusiast is especially interested in track and cross country. Business and school organizations, plus traveling occupy much of Mr. Holden's spare time.

He has toured most of the United States, having gone West three times.

Amateur Chris Worona Offers Advice, Reveals Ups, Downs of Ice Skating

By SUE CORBIN

"Ice skating is an invigorating sport besides the fact that it is lots of fun. Next to enjoying yourself, you meet lots of interesting people," states amateur skater, Chris Worona, 11B.

Skating has been a hobby of hers ever since she was eleven years old. Chris, who was self-taught, relates that it took hours of hard practice (and hard falls). However, she enjoyed learning to skate on her own since it was a challenge.

Weak ankles are a disadvantage common to most beginners, according to Chris, but with much time and practice this can be corrected.

"THE BASIC TRICK is to keep your balance," claims Chris. "From there, the new skater must learn the proper techniques of starting, stopping, and turning in the correct way."

Despite her interest in the sport, Chris has never really considered making ice skating anything more than a hobby. Competitive skating is meant only for those with enough talent, and especially time, to become the best.

Chris' weekends and vacations are now usually spent by ice skating at Forestwood Park Skating Rink. There is not as much practice now that she

has conquered the basic skills. Her main ambition is pleasure.

IT SEEMS THAT ice skating is gaining in popularity with both boys and girls. However, in Chris' opinion, boys make the better skaters. This is due to the fact that they seem to have better balance and are able to go

"Girls tend to be more conscious of their sophistication while skating and try to be more careful. Sometimes they are afraid to try new things for fear of falling down," explains Chris.

CHRIS STATES that the average crowd at the skating rink usually includes the same number of boys as

Aside from being an "enjoyable" winter sport, ice skating may be an ideal way to stay healthy snce it offers lots of fresh air and exercise.

"It's great for losing weight!" states Chris.

BUT BEFORE you decide to try out your new skates from Christmas, remember Chris' advice.

"Don't attempt to get on the ice if you don't have some sort of balance on skates, because the only things you are bound to achieve are strained muscles and black and blue marks."

Nine Lettermen Leave Athletic Scene, Total of 26 Awards Earned by Grads

Leaving the Rhodes athletic scene are nine lettermen in the graduating January class. These athletes have earned a combination of 14 football letters, five cross country monograms, five track letters, and two basketball awards.

Lineman Terry Niemann earned three letters in football. He also received one track letter as a shot put-

Veteran distance runner Boyce Watkins earned two cross country letters and one track monogram. As a junior, Watkins was named "most improved runner" in cross country. He will further his education at Cornell University or Ohio University.

All around athlete George Finding has earned monograms in cross country, track, and basketball. Finding received three cross country letters, one basketball award, and one track letter as a pole vaulter. He will continue his athletic and scholastic career after graduation at Ohio University.

Ken Bania, halfback, has earned two football letters. Bania was named PresStar in his senior year for his performance at the Lincoln game last October 15. He also was a varsity basketball team member for three seasons and earned one monogram.

Mike Gvozdich earned two football letters as quarterback and defensive halfback on the Ram football team.

Ram gridder co-captain Doug Sovchik received three varsity football letters. Sovchik also earned one letter as a shot putter on the track team. He plans to play football in the fall at Kent State University.

End Dennis Fekete earned two letters while playing football for Rhodes. He was unable to play football during his senior year due to an injury. In his sophomore year Fekete was named 'outstanding lineman" on the Junior Varsity football team. After graduation he plans to enter Cleveland Technical School at Max Hayes.

Star fullback Bill Smith earned two football letters. In addition, he was named "most valuable offensive back" for the 1965 football season.
